PCC Hosts Koror State Gubernatorial Forum

PCC President Patrick Tellei, Governor Candidates (Left to Right): Harry R. Fritz, Franco Gibbons Jr., Eyos Rudimch, Roman Yano, Alfonso Diaz, Lillian G. Uludong, and Sam Masang

October 3, 2017 Palau Community College hosted the first Koror State Gubernatorial Forum for the upcoming election slated for November 14, 2017. The seven candidates eyeing for the Koror State leadership seat were former senator and minister Harry Fritz, Vice Speaker of Koror State Legislature Franco Gibbons, Speaker of Koror State Legislature Eyos Rudimch, former senator Roman Yano, former senator Alfonso Diaz, retired Aging Director Lillian Uludong and former senator Sam Yoyo Masang. All candidates participating in the three-hour forum were briefed on the purpose, rules, and format prior to the event at PCC Assembly Hall. PCC President Dr. Patrick U. Tellei was a moderator and a master of ceremony for the event. Each candidate was given time for opening statements, 4 questions from round 1 to 4, and closing statements. Also present were President of Associated Students of Palau Community College Zacateca Adelbai who read the Koror State preamble and PCC Board of Trustees Chairman Masa-Aki Emesiochl who also thanked gubernatorial candidates and students for their participation. The questions pulled for response by all candidates were taken from the following topics: Youth/Senior Citizens, Economy & Budget, Lease/Displaced homeowners, Infrastructure, Environment, and Relationship with House of Traditional Leaders.

SC 103 at CRRF Presentation at PCC Assembly Hall

On October 4, 2017 the Coral Reef Research Foundation had a presentation at the Palau Community College Assembly Hall from 9 am to 11 am. Industry employee Madelsar Ngriraingas facilitated the presentation with the Coral Reef Research Foundation about The Environmental Affects on the Jellyfish Lake with co-presenter Gerda Ucharm.

The presentation discussed the effects of weather and mother nature and how it contributes to the diminishing number of jellyfish in the lake. Research also indicated the growth of the jellyfish in favorable and unfavorable conditions and what they are doing to revitalize the negative effects on the growth of the jellyfish. The second part of the presentation discussed number of visitors to the jellyfish lake and how it impact the jellyfish and its environment. At the end, a group discussion focused on ways to help mitigate jellyfish lake and recommendations for State and National Government on how to support and implement sustainable plans to save the jellyfish lake.

Vernice Yuji's Intro to Environmental Science class at the Coral Reef Research Foundation (CRRF) Presentation

Palau Community College is an accessible public educational institution helping to meet the technical, academic, cultural, social, and economic needs of students and communities by promoting learning opportunities and developing personal excellence.

Guest Lecturer Mrs. Sandra Pierantozzi

Ms. Sandra Pierantozzi giving lecture to EN 219 students held at PCC Continuing Education Training Room

On September 29, 2017 Mrs. Pierantozzi visited PCC as a guest speaker for Elecita Morei's EN 219 class on Research Methods and Field Ethnography. Mrs. Sandra Pierantozzi, a successful businesswoman, former Vice-President and Senator of the Republic of Palau, and former Minister of Health, and Administration/Finance. After graduating from University of Hawaii, she returned home to be an instructor for business education at the college. Mrs. Pierantozzi currently serves as a member of PCC - SDSU Adjunct Faculty for the Masters' Program.

In her presentation, Mrs Pierantozzi advised students on how to be prepared for future success by setting both personal and career goals that can be achieved. Drawing on her experience, she lamented on personal habits as a part of her strategy by challenging herself to do more, respect others, dress and groom appropriately. "Men and women were created equal so if I can do it then so can you," says Mrs. Pierantozzi. She further emphasized that success should be earned not demanded nor requested and it is those little habits and attitudes that drive you towards the highest success you can achieve. Always remember that life is a two-way street and personal experiences shape a person's personality.

Never Give Up!

Non-Instrument Navigation Class

The students interested in this course will be stargazing, weather observation, and storm stars - when to sail and when not to sail.

When: October 10, 2017

Time: 6:30 pm to 8:00 pm

Where:PCC

MSS first graders visits PCC Library

Maris Stella 1ST graders at Kid's Zone at PCC Library

On October 5, 2017 Maris Stella Elementary School 1ST grade students visited the library for the first time. The kids learned about basic rules and information from the library staff member Amanda Ebas.

The students were told that they were allowed to check out two books from the library, they were also told about returning the books: the due date is at the back of the book and when/if they cannot return it on time they need to ask their parents to call the library for an extension or pay if the book is misplaced or damaged, they were also told that in order to check out a library book they needed a library card.

Mrs. Lynn Polloi, 1st grade reading teacher gave out library cards to all 26 students. Students were able to freely choose a book of their interest and check it out. The next segment of their tour was the basement of the library where students saw a model of the national capital in Ngerulmud, Melekeok while some started to browse for more fiction and non fiction reading books.

PALAU COMMUNITY COLLEGE - CONTINUING EDUCATION (CE):

Following are some of the training CE offers:
