

Assessment Impact by Course Objectives

Palau Community College

Program (NU) - Nursing

Program (NU) - Nursing

CLO: NU 104 - Physical Assessment: CLO 1

Obtain client's health history.

CLO Assessment Cycle: 2013 - 2014 (Fall 2013)

CLO Status: Active

Means of Assessment			
Means of Assessment	Expected Student Performance	Notes	Active
Perform a client assessment. Signature assignment: Final Project	70% of the students assessed will perform at the proficiency level.		Yes

Results			
Summary of Data Collected	Use of Results	Follow-Up	Semester Assessed
Final Project - 12/21/2015 - 100% of students assessed performed at the proficiency level. Expected Student Performance Met: Yes Related Documents: nu 104 pe nu 104 pe 2 nu 104 f nu 104 f 2 nu 104 f 3 nu 104 f 4	12/21/2015 - No action is needed at this time since all students assessed performed at/above the proficiency level. There was an improvement in these students performance since they completed SC 159 B before taking this course.		2015-2016 (Fall 2015)
Final Project - 01/02/2014 - 90% of the students performed at proficiency level. Expected Student Performance Met: Yes Related Documents: proficiency levels proficiency levels proficiency levels proficiency levels	01/02/2014 - I still recommend that Anatomy & Physiology be a required prerequisite for this course (NU 104). Even though 100% of the students passed this course most couldn't have done it without the help from the instructor.		2013 - 2014 (Fall 2013)

CLO: NU 104 - Physical Assessment: CLO 2

Identify major land marks of the human body.

CLO Assessment Cycle: 2013 - 2014 (Fall 2013)

Means of Assessment			
Means of Assessment	Expected Student Performance	Notes	Active
Locate major landmarks of the human body. Signature assignment: Final Project	70% of the students assessed will perform at the proficiency level.		Yes

Results			
Summary of Data Collected	Use of Results	Follow-Up	Semester Assessed
Final Project - 12/21/2015 - 100% of students assessed performed at the proficiency level. Expected Student Performance Met: Yes Related Documents: nu 104 pe nu 104 pe 2 nu 104 f nu 104 f 2 nu 104 f 3 nu 104 f 4	12/21/2015 - No action is needed at this time. Even though all students performed at the proficiency level and there was an improvement in their performance since SC 159 B became a prerequisite for this course I think more hands on practice is needed for the students who takes this course.		2015-2016 (Fall 2015)
Final Project - 01/02/2014 - 90% of the students performed at proficiency level. Expected Student Performance Met: Yes Related Documents: proficiency levels proficiency levels proficiency levels proficiency levels proficiency levels proficiency levels	01/02/2014 - I still recommend that Anatomy & Physiology be a required prerequisite for this course (NU 104). Even though 100% of the students passed this course most couldn't have done it without the help from the instructor.		2013 - 2014 (Fall 2013)

CLO: NU 104 - Physical Assessment: CLO 3

Physical Assessment

CLO Assessment Cycle: 2013 - 2014 (Fall 2013)

CLO Status: Active

Means of Assessment			
Means of Assessment	Expected Student Performance	Notes	Active
Perform a physical assessment on a client. Signature assignment: Final Project	70% of the students assessed will perform at the proficiency level.		Yes

Results			
Summary of Data Collected	Use of Results	Follow-Up	Semester Assessed
Final Project - 12/21/2015 - 100% of students assessed performed at the proficiency level. Expected Student Performance Met: Yes Related Documents: nu 104 pe nu 104 pe 2	12/21/2015 - No action is needed at this time since all students performed at the proficiency level. Although there was an improvement seen in the students performance since SC 159 B became a prerequisite for the course I think students who takes this course still need more hands on practice.		2015-2016 (Fall 2015)
Final Project - 01/02/2014 - 100% of the students performed at proficiency level. Expected Student Performance Met: Yes Related Documents: proficiency levels proficiency levels	01/02/2014 - I still recommend that Anatomy & Physiology be a required prerequisite for this course (NU 104). Even though 100% of the students passed this course most couldn't have done it without the help from the instructor.		2013 - 2014 (Fall 2013)

CLO: NU 104 - Physical Assessment: CLO 4

Normal head-to-toe assessment.

CLO Assessment Cycle: 2013 - 2014 (Fall 2013)

CLO Status: Active

Means of Assessment			
Means of Assessment	Expected Student Performance	Notes	Active
Perform head-to-toe assessment on a client. Signature assignment: Final Project	70% of the students assessed will perform at the proficiency level.		Yes

Results
