Summary of Data Collected	**Use of Results**	**Follow-Up**	**Semester Assessed**
Tasks Training Rating Sheet - 11/01/2015 - 100% of the students assessed performed at the proficiency level. **Expected Student Performance Met:** Yes **Related Documents:** IT223 CLO1-2.pdf	11/01/2015 - The CLOs were revised last fall to include only 2. It is more appropriate for supervisors to use revised CLO 2 rather than the rating sheet previously used. One student enrolled in the course this summer and was assessed. This rating sheet clearly showed that the intern performed well at the actual tasks that were able to be assigned at this location. This is the first time that IT223 has been entered into Tracdat as most students prefer to take IT222 rather than internship. For this reason, there is no current data for comparison.		2014 - 2015 (Summer 2015)
