From February 5-9 2018 two (2) faculty members of Palau Community College Mr. Frutoso Tellei and Ms. Isumechraard Ngirairikl received certificates on program management training sponsored by USAID through Pacific Technical and Further Education (PTFE) of University of South Pacific. Present to congratulate participants from other government agencies were PCC President Dr. Patrick U. Tellei, Minister of Finance Elbuchel Sadang and U.S. Ambassador Amy Hyatt. The five-day training focused on CEP 43 "Project Procurement and Stakeholder Management" and CEP 44 "Project Communications and Risk Management". The courses are designed to provide participants necessary project management skills applicable across any domain. Course modules have specific scope that are tailored to assist participants define and control what is and is not included in the project management. At the end of each course, participants are required to provide project report that includes project management plan, budget, procurement, and cash flow statement along with project management presentation that will be presented on the last day of the training. Congratulations Mr. Tellei and Ms. Ngirairikl!

PCC & PICRC Signs MOC

Inset: PCC President Dr. Patrick U. Tellei signing the MOC

PCC and PICRC Officials following the signing

On February 13, 2018, Palau Community College (PCC) and Palau International Coral Reef Center (PICRC) signed a Memorandum of Collaboration (MOC) to enhance DNA-related molecular research and education for Palauan students. PCC President Dr. Patrick U. Tellei and PICRC Executive Director Dr. Imnang Golbuu signed the MOC to take effect immediately, to make use of PCC STEP-UP laboratory and facilities to enhance research. The collaboration between PCC and PICRC will also make use of equipment provided through the Project for Sustainable Management of Coral Reef and Island Ecosystems: Responding to the Threat of Climate Change (P-CoRIE project) funded by JICA/JST, and to enhance education on DNA analyses by Palauan students. As such, PCC designated Dean of Academic Affairs to monitor

PCC Students Participated in Jenesys 2017 Exchange Program

PCC students participating in Jenesys exchange program themed Trade, Investment, and Tourism

From January 23, 2018 to February 1, 2018 Three students from Palau Community College: Reva Illemelong, Tricia Pedro, and Lyresha Tamtreg participated in the Jenesys Exchange Program 2017. Students enjoyed various activities from visiting centers, visiting high schools, temples and shrines, and learning how to make noodles. They learned the history of Buddhism, saw the evolution of origami, and interacted with high school students. In exchange the students presented a cultural show of Palau's roots and heritage. The program was educational and a meaningful experience where participants shared and learned each others' culture and history.

the laboratory regularly and select PCC staff to keep all equipment in good condition. Both PCC and PICRC staff have access to the laborator at all time. PCC is tasked to compile inventory list of all laboratory equipment, research supplies, and regularly update inventory record for future reference. This way consumable items used for research by PICRC and those that are bought by PCC for educational research which are not considered as shared resources are kept separately.
