Phi Theta Kappa Honor Society Induction Ceremony

(top photo): New members of the Phi Theta Kappa International Honor Society - Beta Omicron Zeta Chapter at the Induction Ceremony (bottom photos)

An Induction Ceremony for the new members of the Phi Theta Kappa International Honor Society (PTK) - Beta Omicron Zeta Chapter was held at the Palau Community College (PCC) Assembly Hall on Friday, February 16, 2018. Four (4) new officers were sworn-in along with the fourteen (14) members who were inducted into the honors society.

The ceremony began with opening remarks from PCC President Dr. Patrick U. Tellei followed by an introduction of the society's emblem by PTK President Jacquelyn Hanley. PCC President Tellei also led the induction of the new members while the oath of office for the new PTK Beta Omicron Zeta Chapter Officers was administered by PCC Dean of Students Sherman Daniel. After the inductees signed their oaths, candles were lit to symbolize the knowledge that would lead them forward in their academic pursuits.

The newly inducted PTK members are Ms. Ngedengoll Akira, Ms. Osisang Dibeck Chilton, Ms. Charlene Cubacub, Ms. Mechereng Emesiochel, Ms. Dahlia Fabian, Ms. Jacquelyn Hanley,

Financial Aid Sessions

The Director of Financial Aid, Ms. Dahlia M. Katosang and her staff conducted a total of nine Financial Aid Orientation 3 sessions from February 12, 2018 to February 22, 2018 at the Palau Community College Assembly Hall for Palau's high school students and PCC continuing students. During the sessions, Director Katosang discussed Federal Student Aid Programs, it's eligibility requirements and assisted interested students in completing the financial aid forms, including the 2018-2019 Free Application for Federal Student Aid (FAFSA). Over 74% of continuing students attended the orientation sessions. Director Katosang reiterated that "we will continue to reach out to the remaining (26%) students who did not attend the session and offer assistance to them. As soon as students complete their financial aid forms, we will be able to process their financial aid awards for the 2018-2019 Award Year". For more information, contact the Office of Financial Aid at (680)488-4270/2471, ext. 235 or via Email at dahliapcc@palaunet.com

Japan's SAKURA Science Exchange

Back row: Dr. Yasushi Ishihara, McQuinnley Mesengei, Maikani Andres, Daysha Adelbai, Masasinge Hideos; Front row: Ms. Azuca, Tristen Isacc, Sherry Ngirmeriil (instructor), Leah Marie Bukurow

Six Environmental/Marine Science (EMS) students were privileged to participate in a week-long study tour of Japan's science and technology programs made possible through the Sakura Science Exchange program of the government of Japan. Among the places visited were the two campuses of Japan Agency for Marine-Earth Science and Technology (JAMSTEC) at Yokohama and Yokosuka. JAMSTEC promotes advanced research and technological development projects for Japan in the fields of Earth & Marine sciences. The students attended three hours of lectures by various research scientists and were given tours of the lab facilities, including one of the research vessels. JAMSTEC is the home of SHINKAI 6500, the only manned submersible in the world that can dive down to 6,500 m.

The students were given a rare chance to visit the lab where SHINKAI was being overhauled and the pressure room where they recreate pressure conditions of different ocean depths and test

K.E.S Career day at PCC

Director Tchuzie Tadao, KES 8th Grader Aliyah Franz, and PCC Staff Ayshia Udui

On February 16, 2018 students from Koror Elementary School (KES) spent half-day at PCC for job shadowing. Students were exposed to day to day operation of various college offices including tasks involved. KES job shadowing program provides opportunity for 8th graders to explore and learn different jobs on campus. One of the 8th grader, Ms. Aliyah Franz spend time with the Development Office learning about Mesekiu's News publication.

SAKURA *Continued from left column*

pressure capabilities of different materials used in building their research submersibles and deep-water research instruments. The students also visited the National Museum of Nature and Science in Ueno, Tokyo. This museum is one of Japan's largest integrated natural science museums. The high-quality, authentic specimens on display captured the students' interest and imagination in natural sciences. The variety of displays focus on subjects related to Earth, evolution of life, advancement of science and technology, and space. At the National Museum of Emerging Science and Innovation (Miraikan), the students were able to enjoy hands-on contact with the latest science technologies used in research of our global environment, space exploration, and life sciences. They also had the opportunity to experience the latest robot technologies. They were able to watch a demonstration by the Honda robot called Asimo. Asimo has been described as the world's most advanced humanoid robots.

The group also visited the Enoshima Aquarium at Fujisawa where they were given a guided-tour by the chief curator, which included tours of behind-the-scenes lecture about the operations of the aquarium. Their displays were just captivating from the tiniest jellyfish to the huge manta rays, sharks, turtles, even schools of sardines, and a lot more. The day ended with an incredible dolphin show. The freezing temperatures and wind chill did not dissuade the students' high spirits throughout the 20-minute show.

This study tour was made possible through the Sakura Science Exchange program by the government of Japan. PCC students and a science instructor were invited to participate in this study tour by Dr. Yasushi Ishihara, a seismologist with JAMSTEC. Dr. Ishihara has been monitoring seismic activities in Palau for nearly 20 years and has his instruments set up on PCC campuses in Koror and Ngaremlengui. We would like to express our most sincere appreciation to Dr. Ishihara for providing this wonderful learning opportunity for the PCC students and the instructor as well.

Big Thanks to PCC Maintenance

READERS: MANOA JOURNAL

Mānoa (subtitled A Pacific Journal of International Writing) is a literary journal that includes American and international fiction, poetry, art-work, interviews, and essays of current cultural or literary interest. A notable feature of each issue is original translations of contemporary work from Asian and Pacific nations, selected for each issue by a special guest editor. Mānoa, meaning 'vast and deep' in the Hawaiian language, presents both traditional and contemporary writings from the entire Pacific Rim. Mānoa is published semiannually by the University of Hawaii Press and was established in 1989.

Ms. Dee Ann Hasinto, Ms. Samantha Iyar, Ms. Kazue Joseph, Ms. Marichelle Kiuluul, Ms. Jenna Mersai, Ms. Francine Ngemaes, Mr. Esilong Ngiraiwet, Ms. Tessy Nobuo, Ms. Ochob Obeketang, Ms. Kirah Rebelkuul, Mr. Malsol Roberts, and Ms. Taira Renguul.

The new officers for the PTK Beta Omicron Zeta Chapter are Ms. Jacquelyn Hanley (President), Ms. Charlene Cubacub (Vice President), Ms. Ochob Obeketang (Secretary), and Ms. Marichelle Kiuluul (Treasurer). PCC would like to congratulate the newly inducted members and the new officers.

The Phi Theta Kappa Society is the largest honor society in America consisting of more than two-million members and one-thousand-two-hundred (1,200) chapters. It serves to recognize as well as encourage the academic achievement of two-year college students by providing opportunities for individual growth, development through honors, leadership, and service programming. The PTK Chapter for Palau is called Beta Omicron Zeta.

For more information regarding the PTK, please contact Director Hilda N. Reklai at the PCC Student Life Office (tel): 488-2690 or 488-3036.

CE Smartphone Basic Training

Palau Community College Continuing Education Office will be conducting a Smartphone Basic Training to all interested individuals. Interested individuals please register at PCC Continuing Education Office from Monday to Friday anytime from 8 am to 5 pm. Registration fee of \$25

- Operate Smartphone
- Use Preinstalled applications
- Download new applications
- use mobile data
- update smartphone
- Set up smartphone
- Change ringtone
- Register contact
- Use Share It application
- Operate camera
- others
