This policy is a requirement by the Clerk Act, Higher Education Act, and the U.S. Department of Education Regulations.

Anyone who believes a student to be missing should report their concern to the Dean of Students. Every report made to the campus will be followed up with an immediate investigation once a student has been missing for 24 hours.

At the beginning of each academic year, on-campus students will be asked to provide emergency contact information in the event she/he is reported missing while enrolled at PCC. This information will be kept in the office of Student Services and will be updated annually.
