Annual Career & Technical Education Awareness Week

Moments of the 2018 Career and Technical Education Awareness Week

Palau Community College (PCC) hosted the Annual Career & Technical Education (CTE) Awareness Week from March 13 to March 14, 2018. The awareness week is an opportunity for the college to showcase and promote its programs to elementary and high school students as well as community members. Students from the elementary schools and high schools of Palau participating in the program visited all the technical education programs offered at the college. In addition, students also learned about other academic programs that are offered. College faculty members and program students demonstrate and display projects as part of student learning outcome. This year, over three-hundred (300) students from the local elementary and high schools participated in the CTE Awareness Week hosted by the college. Participating schools were Palau High School, Emmaus-Bethania High School, Belau Modengkei School, Mindszenty High School, Maris Stella Elementary School, Melekeok Elementary School,

PCC MEETS KSG GOVERNOR

Left to Right: KSG Governor Franco Gibbons, Director of Development Tchuze Tadao, PCC President Patrick U. Tellei, and KSG Public Work Director Lesley Tewid

On Tuesday, March 13, 2018 Palau Community College President Patrick U. Tellei and PCC Director of Development Office made a courtesy call to Governor Franco Gibbons and his staff at Koror State Capitol.

PCC President Tellei reiterated that the college continues its mission to provide quality educational programs to our students and regional island states of Micronesia. President Tellei expound on one of the college strategic goal to expand and enhance its Environmental & Marine Science degree program as well as build on other college programs such as Tourism & Hospitality and Palauan Studies provided with designated Koror-PCC rock island. The formal request will have PCC take full responsibility of cleaning and maintaining the island while incorporating the island into our degree program's curricula. PCC will also erect sound structure that will be mindful of the unique environment, including composting toilet that is environmentally sound. Over the years, Koror State Government has been a strong supporter of the college programs and activities and for that, the college is very grateful.

The Palau Community College Board of Trustees,
President, Faculty, Staff, and Students wish
Palau a **HAPPY YOUTH DAY!**

Career & Technical Education Awareness Week!
from March 13 & 14, 2018

Palau Community College is an accessible public educational institution helping to meet the technical, academic, cultural, social, and economic needs of students and communities by promoting learning opportunities and developing personal excellence.

Newest Contributor to the PCC Endowment Fund

Mary Tkel

Levelyne Renguul

Palau Community College (PCC) would like to recognize its newest Endowment Fund contributors, Mary Tkel and Levelyne Renguul. Mary Tkel works at the Aimeliik State Government - Tourism and Levelyne Renguul works at the Aircraft Rescue and Fire Fighting (ARFF).

Thank you, Mary Tkel and Levelyne Renguul for your contributions to Palau's only institution of higher learning! Your donations will help sustain the future stability and programs of Palau Community College.

TRC Reviewed Cyber Security Policy Manual

TRC members reviewing Cyber Security Policy Manual

On Thursday, March 08, 2018 Palau Community College Technology Resource Committee held its regular meeting to review proposed college Cyber Security Policy Manual. Members present were TRC chairman Bruce Rimirch, Associate Dean Marianne Temaungil, Instructor Johvanna Yaoch, Dean of Students Sherman Daniel, Dean of Continuing Education Jefferson Thomas, Director of Finance Uroi Salii, Director of Development Tchuzie Tadao, Acting Director of Library Service Piora Asito, Computer Service System Analyst Grace Alexander and Computer Technician E-van Ongrung.

The main purpose of Cyber Security Policy Manual is to inform the college computer users such as employee, contractors, and authorized users of their obligatory requirements for protecting the technology and information assets of the college. It describes the technology and information assets that we must protect and identifies threats. It also outline common security threats and responsibilities when accessing secured and controlled internet. The manual also include Classification of Information, Threats to Security, Hackers and Vandals, Access Control, System and Network Access, Connecting to Third Party Networks, Connecting Devices to Network, Remote Access and Penalty for Security Violation.
