Summer Session Student Orientation 2020

Summer students and PCC Staff at PCC Assembly Hall

On Tuesday, June 02, 2020 Palau Community College (PCC) held a New Student Orientation for the students enrolling in the summer session. The orientation introduced the new students to the programs and services available at the college. PCC President Dr. Patrick U. Tellei began the orientation by welcoming the new students and thanked them for choosing PCC as a next step in their education journey and advised the students to prioritize their education. Dean of Students Sherman Daniel followed with an introduction to the services available at the college designed to help the students achieve academic success as well as the rules and regulations of PCC. After their advising session with the advisors, students were led on a tour of the college campus. In the afternoon, students had a Financial Aid Session with Director Dahlia Katosang to provide the new students with information about the federal financial aid and its requirements. The orientation also helped the new students begin their registration process. They met with the academic advisors from Student Life Division and planned their classes for the semester.

Food Security Program May-June 2020

Vegetable and fruit seedlings

One of the objective of the program is to provide vegetable and fruit seedlings for increased local crop production and consumption. The program continues its project delivering vegetable and fruit seedlings to the community.

The activity aims to help the community to produce and eat more fresh and safe local food products which could be an effective intervention measure to food security and obesity issue.
