PCC CRE Supports Local Aquaculture Farm

Inset: Mangrove crablets; Rabbitfish and mangrove crab juveniles deliver to ORC farm in Airai

On September 11, 2020, the PCC-CRE aquaculture staff delivered a total of 1,000 mangrove crab and 120 rabbitfish juveniles to the newly established mangrove crab farm of the Oikull Rubak Council (ORC) that is located near Risao Rechirei's residence in Airai State. These juveniles were produced from mangrove crab and rabbitfish seed production projects that are currently being conducted at PCC Hatchery in Ngeremlengui State. The ½ inch sized crablets were temporarily stocked in a stationary net cage that was installed in the watered area of the farm. Crablets will be grown that way until they reach the size that could no longer escape through the holes of the mangrove crab farm's perimeter screen. The kelsebuul juveniles (2 inches in total length) on the other hand, were released directly into the water to be grown together with the crabs inside the farm. PCC also extended technical assistance to Mr. Risawo who is the caretaker of the ORC Mangrove Crab Project by giving advice on the feeding management and monitoring of stock. PCC continues to support the development of mangrove crab and rabbitfish farming in Palau by producing more juveniles

Fall 2020 Emergency Evacuation Drill

PCC President Dr. Tellei & Dean Sheman Daniel during emergency evacuation drill

On Monday, September 14, 2020 Palau Community College conducted an emergency evacuation drill in accordance with the college Emergency Drill Policy. The emergency drill or exercise are carried out twice a year to prepare both staff and students in an anticipated emergency scenario. They are designed to provide training, reduce confusion, and verify the adequacy of emergency response activities and equipment. The college Emergency Preparedness Task Force (EPTF) is charged with the implementation of emergency drill such as fire, explosions, earthquakes that threaten the health and well being of staff and students. EPTF not only oversee the implementation of emergency drill, but also conduct risk assessment to evaluate the likelihood of injuries and damages that might occur.

PCC in partnership with Ministry of Health, National Emergency Management Office, Ministry of Justice, and Palau Red Cross Society support the college emergency plan and exercises as external team of observers.
