PCC HOSTS CAREER & TECHNICAL EDUCATION AWARENESS WEEK

Inset: President Dr. Patrick U. Tellei & Vice President Jay Olegeriil welcoming remarks; elementary school students visit BA & OA program

This week, Palau Community College (PCC) hosted a Career & Technical Education Awareness Week. Over two hundred students from the local high school and elementary schools converged on the PCC campus parking lot ready to visit academic programs and CTE demonstration stations to learn about the programs available at the college. Both high school and elementary students were able to witness first-hand demonstrations and presentations made by PCC students in their respective fields of study. The Career & Technical Education (CTE) activities aimed to introduce the career and technical programs, such as Business Administration, STEM, Environmental/Marine Science, Information Technology, General Electronics, Construction Technology, CTE Lab School, Air Conditioning & Refrigeration, etc. to prospective students at an early stage of their education in order to help each consider the opportunities available at their local community college. President Dr. Patrick U. Tellei gave the welcoming remarks during the opening ceremony on Wednesday, March 17, 2021. He welcomed the students on behalf of the college and encouraged each to take advantage of the Career & Technical Awareness opportunities.

AWARENESS WEEK, CONTINUED ON PAGE 2

PTHSE Caters to Associate Justice Rudimch Swearing-In Ceremony

Tourism & Hospitality students at the Supreme Court

On March 12, 2021 Palau Community College Tourism and Hospitality program students and instructors were hired to set up buffet and refreshment venue for the Swear-In ceremony of Associate Justice Honora Esang Remengesau Rudimch at the Supreme Court compound.

Fourteen tourism and hospitality students and their instructors were able to assist in decoration, presentation, and serving of various food and beverages.

The event gave students the opportunity to showcase what they learned in classroom on food preparation, hospitality, and customer service.

The long hot day paid off after receiving positive feedback from the organizers of the event. What made it more of a special moment was the acknowledgement received from Associate Justice Rudimch who personally thanked the students for their hard work and a job well done.

Contributed by Instructor Jennelle I. Blesam

AWARENESS WEEK, CONTINUED FROM PAGE 1

He advised the students, particularly high school seniors, to take into consideration fields of study they may pursue especially those offered at PCC. Also present to welcome public and private school students and teachers were Vice President Jay Olegeriil and Associate Dean of CTE, Dr. McClain Worswick.
