EMS & IT Symposium

PCC Vice President Olegeriil, Associate Dean Worswick, PICRC representatives, and students

On Friday, April 30, 2021, the PCC Environmental/ Marine Science and Information Technology students gave very educated and informed presentations on the “Effects of Heat Stress on Coral Bleaching” and “Website, App, and E-Survey Development”. EM/S student Adrian Ililau’s study was conducted to observe the difference of bleaching between a hard coral species from two different water conditions. The study method was to set up one coral colony incubated at 31 degree celsius for one year at PICRC, while the other colony was nearby patch reef in February 2021. Both were stored in stress tanks and monitored and scored for bleaching effect. IT student Misoya Klai Rudimch’s project ranges from developing e-surveys and performing data entry to programming mobile apps and designing a website for government offices and nonprofit organization. Both students were recognized for their academic accomplishments and were presented monetary support from Islands of Opportunity Alliance-Louise Stokes Alliances for Minority Program.

Utilizing crane truck to finally raised PCC signage

On May 4, 2021 PCC Maintenance finally restored college front signage that was battered from Typhoon Surigae on April 16, 2021. The restored signage resembles the original one with materials that are more durable. The college signage installed just in time for the college upcoming commencement exercises on May 14, 2021.

PTHSE TREE PLANTING PROJECT AT NGATPANG STATE

article contributed by Instructor Jenelle Blesam

PTHSE Tourism Club and Ngaptang State Legislator John Techitong coordinated and planned an Earth Day event that was held at Kokusai, Ngaptang on April 24th, 2021. This event was a collaboration between, Ngara Ius Youth Organization from Ngatpang and PCC PTHSE Tourism Club. The agenda was to plant 154 plants all over Kokusai area in Ngaptang State. The PCC PTSE Tourism club was accompanied by members of Ngara Ius youth organization, Legislator John Techitong, Legislator Van Ray Tadao, and Floor Leader Miwa Tant Nabeyama, Lise Elobet, Cole Ngiraked Rengulbai, Renguul Ngi-raiechol, and Errol Sintaro. By good luck, the club was blessed with a perfect sunny weather for the tree planting event, moreover the club was fortunate enough to be accompanied by one of Palau's plant expert, Legislator Van Ray Tadao. Mr. Tadao gave a presentation about global warming issues, soil sedimentation issues, different plants species and the importance of planting trees. The club birthed a partnership with Ngara Ius Youth Organization and will be working together again in the near future.

The PCC Tourism club would like to express their deepest gratitude to Ngara Ius Youth Organization of Ngatpang, Governor Francesca Otong, Seth Techitong and Trebkul Tellei (from PCC Sers) for donating 154 plants and Ngara Ius Youth Organization for providing the students lunch and drinks!
