## NOTIFICATION RIGHTS UNDER FERPA

The Family Educational Rights and Privacy Act (FERPA) afford eligible students certain rights with respect to their education records. (An “eligible student” under FERPA is a student who is 18 years of age or older or who attends Palau Community College.) These rights include:

1. The right to inspect and review the student’s education records within 45 days after the day the Palau Community College (PCC) receives a request for access. A student should submit to the Registrar, Dean of Student, or Dean of Academic Affairs, a written request that identifies the record(s) the student wishes to inspect. The school official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the school official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student’s education records that the student believes is inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA. A student who wishes to ask the school to amend a record should write the school official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed. If the school decides not to amend the record as requested, the school will notify the student in writing of the decision and the student’s right to a hearing re-garding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
3. The right to provide written consent before the college discloses personally identifiable information (PII) from the student’s education records, except to the extent that FERPA authorizes disclosure without consent. The school discloses education records without a student’s prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the PCC in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. A school official also may include a volunteer or contractor outside of the PCC who performs an institutional service of function for which the college would otherwise use its own employees and who is under the direct control of the college with respect to the use and maintenance of PII from education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for PCC.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the PCC to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW

### Directory Information Disclosure

The Palau Community College may disclose certain information, known as directory information, in its discretion without consent. Directory information is generally not considered harmful or an invasion of privacy if released. Directory information may be disclosed unless the students have advised the school that they do not want the student’s information disclosed without their prior written consent.

If you do not want PCC to disclose directory information from your education records without your prior written consent, you must send written notice annually to Registration & Records office before the last day to add classes. Forms are available from that office. The following information regarding students is considered directory information:

Student’s name	Address	Telephone listing
