

PCCThanksgiving Fundraiser is Set

Palau Community College has started its activities for the 2005 Thanksgiving Fundraiser for the PCC Endowment Fund. This will be the seventh year in a row that the College holds such an event. This year, the fundraiser will be held on the PCC campus courtyard, and will take place on Wednesday November 23, the day before Thanksgiving from 1:00 - 6:00 pm. Throughout the course of the afternoon, drawing of the fund raising tickets will be held for the many wonderful prize giveaways. For a donation of \$10, one gets a raffle ticket. While there is no limit to the number of tickets per person, there are only 2,000 tickets available; therefore, people interested should donate and get their tickets before they get all sold out. Last year, we had 2,000 tickets and they were all sold out! Stop by at Development Office and see Hulda, Dilubch, or Temmy for ticket information.

Dorm "Tuesday Night" Program Promotes Staff and Student Unity Against Drugs and Alcohol

PCC dormitory residents held the "Tuesday Night" program at the PCC Cafeteria on October 25, 2005. The program started with an opening prayer by Ephraim Ngirachitei, PCC Dorm Manager. Kosrae students entertained the crowd with their native songs followed by PCC exchange student from Japan's Waseda University, Manami Fukuda and JICA Volunteer Eriko Yahagi who sang Japanese songs. Yapese students also got in on the act and performed several skits with anti alcohol abuse messages. Some Palauan, Chuukese, and Yapese students teamed up during their performance to show their unity in the fight against drugs and alcohol.

Upward Bound Program Students Sum-Up Life in Workshop

PCC Upward Bound students convened at PCC Cafeteria for their workshop.

The PCC Upward Bound Program held its first monthly workshops last Saturday, October 29, 2005 for the current and newly selected students.

The theme of the workshop was "Time Mangement and Goal Setting". It began with an ice-breaking exercise which led to the actual "How Much It Costs To Be You" activity that enabled the students to look at the goals they set for themselves and project the "price" of the life they would want to lead in the future. It was concluded with a questionnaire that asked each student to envision their lives in the future.

The workshop was very interactive and it allowed students to visualize the cost of their dreams and wishes.

PCC Staff Trains on Customer Service

SSS-Project Beacon Jobsite Visit to Koror State Government Offices

Paramount Chief Ibedul Yutaka Gibbons (l) and Project Beacon students.

Fifteen (15) SSS-Project Beacon participants went on a jobsite visit to the Koror State Government (KSG) offices on October 12, 2005. The highlight of the trip was meeting High Chief Ibedul Yutaka M. Gibbons and the Governor, John C. Gibbons. They were both able to deliver a brief message regarding their line of work, the responsibilities, qualifications and as well as some ethical/moral values involved in any workplace and careers. They both stressed the importance of balancing our traditional leadership with our democratic system of government.

The students had the privilege to tour the whole KSG facilities and were summarized with each departments' goals/objectives as well as some of the employees' own career outlook. All the staff of KSG were very cooperative and helpful during the jobsite visit. Some of the presentations were given by James Taylor, Legal Counsel; Vera Dilsils Kanai, Director of Koror State Public Land Authority; Joyce Kyota, Director of Finance; Scott Yano, Chief of Sanitation; Scout Master El'zeiader Eledui, Deborah Toribiong, House of Traditional Leaders; Magdalena Antonio, Building and Zoning. SSS-Project Beacon would like to take this opportunity and thank High Chief Ibedul Yutaka M. Gibbons, Governor John C. Gibbons and all KSG staff for their time and effort in making this jobsite visit a valuable experience. Much appreciation goes to Dominica Ngoriakl, Governor's Executive Secretary, for her support in organizing this jobsite visit and Lillian Milong for assisting with the tour.

The jobsite visit was immediately followed by a Career Workshop entitled "Are You on the Right Path?" at the Project Beacon Lab. The workshop stressed the importance of exploring and making career choices, considering the amount of time and money we have—the two things we seem to always lack.

Thank you, Project Beacon participants for your cooperation and participation in the Jobsite visit and the Career Workshop. Jobsite visits are an effort to orient students with various possibilities of career choice. Career workshops are career related activities designed to enable students to make sound career decisions. Until next time, good luck in your career endeavors!
